

Fearless Football Forecast

Welcome to another year

It always seems high school football starts earlier every year.

But I'm not complaining since this is the best time of the year.

What I am complaining about is how everyone's Week 1 picks look the same. But that happens when you aren't sure what to expect from some teams.

One of the games that seems to have people divided is the LaBrae at Gilmour contest. But other than that game, most of the picks seem pretty one-sided.

Lou Cali and Dana Sulonen tied for last year's championship. Joshua Hudson and Ed Puskas tied for second.
