

Fearless Football Forecast

Season off to rocky start

A 16-4 record normally gets you in the middle of the pack, but not during the start of the 2008 season.

Ed Puskas and Joshua Hudson are tied for the lead after finishing Week 1 with identical 16-4 records.

Just about everyone else sits one game back with 15-5 records.

The only game that everyone picked wrong was the John Adams upset of Niles. Will Week 2 feature another upset?

Hubbard at John F. Kennedy is probably the toughest selection.

The Herbstreit Classic also gives us games that are too close to call.
